## 1 - BASIS OF PRESENTATION

The accompanying unaudited selected financial data of ZIM Corporation ("ZIM" or the "Company") and its subsidiaries have been prepared pursuant to the rules and regulations of the United States Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America (US GAAP) have been condensed or omitted pursuant to such rules and regulations. The condensed consolidated balance sheet as of June 30, 2016 has been derived from our audited consolidated financial statements for the year ended March 31, 2017. These selected financial data should be read in conjunction with the financial statements and notes thereto included in the latest annual report on Form 20-F. These data have been prepared on the same basis as the audited consolidated financial statements for the year ended March 31, 2017 and, in the opinion of management, include all adjustments considered necessary for a fair presentation of the financial position, results of operations and cash flows of the Company. Unless otherwise stated in this Form 6-K the information contained herein has not been audited or reviewed by an independent auditor. The results of operations for the three-month period ended June 30, 2017 are not necessarily indicative of the results to be expected for the full year.

## 2 – GOING CONCERN

These consolidated financial statements have been prepared on a going concern basis in accordance with accounting principles generally accepted in the United States ("US GAAP"). The going concern basis of presentation assumes that the Company will continue in operation for the foreseeable future and be able to realize its assets and discharge its liabilities and commitments in the normal course of business. To date the Company has incurred an accumulated loss of \$21,330,258 and negative cash flow from operations of \$59,570. This raises significant doubt about the ability of the Company to continue as a going concern. The ability of the Company to continue as a going concern and to realize the carrying value of its assets and discharge its liabilities and commitments when due is dependent on the Company generating revenue sufficient to fund its cash flow needs. There is no certainty that this and other strategies will be sufficient to permit the Company to continue as a going concern.

Management is currently investigating and evaluating options that may include recapitalization of the Company and pursuing other ventures of a different nature.

The consolidated financial statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate. If the going concern basis were not appropriate for these consolidated financial statements, then adjustments would be necessary in the carrying value of the assets and liabilities, the reported revenue and expenses and the classifications used in the statement of financial position. Such differences in amounts could be material.

## 3 – INVESTMENT AND SUBSIDIARIES

<b>Investments and long term deposits</b>	<b>Original Cost</b>	<b>Carrying Value</b>
CP4H	187,367	-
Equispheres	111,990	115,589
HostedBizz	1,005	771

On June 29<sup>th</sup>, 2012, ZIM Corporation made an equity investment in Connecting People For Health Co-operative Ltd. ("CP4H") The investment consisted of the purchase of 200 common shares at a price of \$187,367.

Connecting People for Health Co-operative Ltd. (CP4H) is owned by a large and varied base of co-operatives and Credit Unions that span Atlantic Canada. CP4H has created HealthConnex as a healthcare service for its members. CP4H has been promoting and working toward a more user-driven health care system since it was founded in 2006 by the co-op and credit union sector.

HealthConnex is a health portal providing tools for patients to drive positive change in the health care system, from the patient up. The HealthConnex internet portal provides convenient services and a pay engine that allow patients to connect with their health care team in new and innovative ways. In addition, HealthConnex purchased Benneworth Advanced Systems and the Medical Office Manager product (MOM) which was developed using ZIM's core database technology and language. ZIM's investment in CP4H is strategic in nature as it provides the company with indirect access to the 1800 medical professionals using MOM and future product opportunities. The equity interest in CP4H by ZIM is less than 10% and ZIM has no significant influence, over the corporate decisions of CP4H at this time. Based on these facts the investment has been accounted for using the cost method.

Due to material changes in the business outlook for CP4H, ZIM has determined that this investment is fully impaired and, on March 31, 2015, has taken an impairment charge equal to the full value of the investment.

On April 30, 2015, ZIM Corporation made an equity investment in Equispheres Inc. The investment consisted of the purchase of 250,000 common shares at a price of \$20,042.

On August 26, 2015, ZIM Corporation made an equity investment in Equispheres Inc. The investment consisted of the purchase of 500,000 common shares at a price of \$91,948.

Equispheres Inc. is an advanced materials company developing new technologies for the production of metallic particles for use in additive manufacturing.

On April 1, 2006, ZIM purchased a US-based mobile content company called Advanced Internet Inc. ("AIS").

In April 2016, ZIM incorporated a wholly owned subsidiary called GeneSpans Corporation. GeneSpans is focused on developing intellectual property and advancing research and development in the areas of new synthetic drugs and immunotherapies. Genespans' name was changed to NuvoBio Corporation on August 25, 2016.

## **ITEM 2 – QUARTERLY BUSINESS REVIEW**

This Form 6-K contains forward-looking statements regarding our business, financial condition, results of operations, liquidity and sufficiency of cash reserves, recapitalization, restructuring, pursuit of new businesses, controls and procedures, prospects, revenue expectations, and allocation of resources that are based on our current expectations, estimates and projections. In addition, other written or oral statements which constitute forward-looking statements may be made by or on behalf of the registrant. Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates," or variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance, and are inherently subject to risks and uncertainties that are difficult to predict. As a result, actual outcomes and results may differ materially from the outcomes and results discussed in or anticipated by the forward-looking statements. These risks include foreign exchange risk, credit risk, fair value risks and key personnel risk and are therefore qualified in their entirety by reference to the factors specifically addressed in the sections entitled "QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK" and "RISK FACTORS" in our Annual Report on Form 20-F for the fiscal year ended March 31, 2017, as well as those discussed elsewhere in this Form 6-K. We operate in a very competitive and rapidly changing environment. New risks can arise and it is not possible for management to predict all such risks, nor can it assess the impact of all such risks on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results. All forward-looking statements speak only as of the date of this Form 6-K. We undertake no obligation to revise or update publicly any forward-looking statements in order to reflect any event or circumstance that may arise after the date of this Form 6-K, other than as required by law.

The following discussion includes information from the Selected Financial Data for the three-month periods ended June 30, 2017 and 2016. These results are not necessarily indicative of results for any future period. You should not rely on them to predict our future performance.

All financial information is prepared in accordance with generally accepted accounting principles in the United States ("GAAP") and is stated in US dollars.

### **EXECUTIVE SUMMARY**

Revenue for the quarter ended June 30, 2017 was \$149,295, an increase from \$147,873 for the same period last year. The increase in revenue resulted from increases in our software, maintenance and consulting segments and was slightly offset by decrease in software license sales and a decline in the SMS messaging segment.

Net loss for the quarter was \$47,540, as compared to a net loss of \$117,562 for the quarter ended June 30, 2016. The decrease in net loss reflects the decreases in all expenses.

ZIM had cash and cash equivalents of \$358,905 at June 30, 2017, as compared to cash and cash equivalents of \$419,676 at March 31, 2017.

### **BUSINESS OVERVIEW**

ZIM started operations as a developer and provider of database software known as ZIM IDE software. ZIM IDE software is used by companies in the design, development, and management of information databases and mission critical applications. The Company continues to provide this software and ongoing maintenance services to its client base.

Beginning in 2002, the Company expanded its business strategy to include opportunities associated with mobile products. Prior to fiscal 2007, the Company focused on developing products and services for the wireless data network infrastructure known as "SMS" or "text messaging". SMS will continue to provide a minimal amount of revenue within the mobile segment of operations. With the acquisition of Advanced Internet Inc. (AIS) in 2007, the Company also offers mobile content directly to end users.

In fiscal 2017, ZIM continued to develop and sell enterprise database software to end users as well as maintain its SMS messaging product lines. Going forward, ZIM will continue to support these products & services and intends to evaluate the viability of the market and make adjustments as may be required.

In 2017, our wholly-owned subsidiary, NuvoBio signed strategic partnerships and exclusive global licensing agreements with leading drug research institutes and companies. NuvoBio is currently funding research and development projects in the following areas:

- Implementing unique molecular interaction & analytics using supercomputing technologies to design small peptide drugs that bind to target proteins for cancer therapies; and
- The development of bi-specific immunology therapies for the treatment of kidney cancer.

## CRITICAL ACCOUNTING ESTIMATES

We prepare our condensed consolidated financial statements in accordance with United States GAAP, which requires management to make certain estimates and apply judgments that affect reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities. We base our estimates and judgments on historical experience, current trends, and other factors that management believes to be important at the time the condensed consolidated financial statements are prepared. On an ongoing basis, management reviews our accounting policies and how they are applied and disclosed in our annual consolidated financial statements.

There have been no material changes to our critical accounting estimates from those described in our Annual Report on Form 20-F for the fiscal year ended March 31, 2017.

## RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED JUNE 30, 2017 COMPARED TO THE THREE MONTHS ENDED JUNE 30, 2016

The following discussion includes information derived from the unaudited and not reviewed condensed consolidated statements of operations for the three months ended June 30, 2017 and 2016. The information for the three months ended June 30, 2017, in management's opinion, has been prepared on a basis consistent with the audited consolidated financial statements for the fiscal year ended March 31, 2017, and includes all adjustments necessary for a fair presentation of the information presented.

These operating results are not necessarily indicative of results for any future period. You should not rely on them to predict our future performance.

## REVENUES

	Three months ended June 30, 2017	As a %	Three months ended June 30, 2016	As a %
	\$		\$	
Bulk SMS	39,294	26	48,000	33
	<u>39,294</u>	26	<u>48,000</u>	33
Software	10,426	7	13,333	9
Maintenance and consulting	99,575	67	86,340	58
	<u>110,001</u>	74	<u>99,673</u>	67
Total Revenue	<u>149,295</u>	100	<u>147,873</u>	100

Revenue for the quarter ended June 30, 2017 was \$149,295, an increase from \$147,873 for the same period last year. The increase in revenue resulted from increases in our software, maintenance and consulting segments and was slightly offset by decrease in software license sales and a decline in the SMS messaging segment.

## REVENUE ANALYSIS BY SERVICE/PRODUCT OFFERING

### SOFTWARE, MAINTENANCE AND CONSULTING

We generate revenues from the sale of our database product as well as the subsequent maintenance and consulting fees. Total revenues relating to the ZIM IDE have decreased from \$13,333 to \$10,426 for the quarters ended June 30, 2016 and 2017, respectively. Maintenance and consulting revenue increased from \$99,673 to \$110,001 mainly due to increased consulting revenue in Canada.

We intend to continue to allocate resources to the maintenance and development of our database products while we continue to generate revenues from this product line. We remain committed to serving our existing customers.

### BULK SMS

Bulk SMS messaging gives our customers the ability to send out a single message concurrently to a wide distribution list. Success in this industry is dependent on sending large quantities of messages on stable cost effective telecommunication routes. For the quarter ended June 30, 2017 we experienced a lower volume of traffic from our customers using our routes and this resulted in decreased revenue from \$48,000 to \$39,294. In general, bulk messaging customers choose the service provider that is offering the lowest cost route. Different aggregators are able to negotiate different price points based on the traffic they are able to guarantee to the mobile operators. Due to the size of our competitors, and our competitors' ability to negotiate better terms, there can be no guarantee that we will have routes that are the most cost effective in the future. We are not focusing on expanding this area of the business. As a result, we do not expect to see any further growth in our bulk messaging revenue during the remainder of fiscal 2018.

### OPERATING EXPENSES

	<u>Three months ended June 30, 2017</u>	<u>Three months ended June 30, 2016</u>	<u>Period to period change</u>
	\$	\$	\$
Cost of revenue	3,578	4,595	(1,017)
Selling, general and administrative	162,843	225,770	(62,927)
Research and development	53,921	89,000	(35,079)
	<u>220,342</u>	<u>319,365</u>	<u>(99,023)</u>

### COST OF REVENUE

	<u>Three months ended June 30, 2017</u>	<u>Three months ended June 30, 2016</u>
	\$	\$
<b>Mobile</b>		
Revenue	39,294	48,200
Cost of revenue	(364)	(1,587)
Gross margin	<u>38,930</u>	<u>46,613</u>
Gross margin percentage	99%	97%
<b>Software</b>		
Revenue	99,575	86,340
Cost of revenue	(3,214)	(3,008)
Gross margin	<u>96,361</u>	<u>83,332</u>
Gross margin percentage	97%	97%

### SELLING, GENERAL AND ADMINISTRATIVE

Selling, general and administrative expenses for the quarters ended June 30, 2017 and June 30, 2016 were \$162,843 and \$225,770 respectively. The decrease in selling, general and administrative fees is related to reduced staff and continued cost containment.

## STOCK-BASED COMPENSATION

For the three months ended June 30, 2017, and June 30, 2016, the Company recognized compensation expense for employees and consultants of NIL and NIL, respectively. The Company does not have any non-vested awards.

## RESEARCH AND DEVELOPMENT

Research and development expenses for the quarters ended June 30, 2017 and 2016 were \$53,921 and \$89,000, respectively. This decreased level of research and development investment is a result of lower staffing levels in the first quarter of fiscal 2016.

## NET LOSS

Net loss for the quarter was \$47,540, as compared to a net loss of \$117,562 for the quarter ended June 30, 2016. The decrease in net loss reflects the decreases in all expenses.

## LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2017, ZIM had cash and cash equivalents of \$358,905 and working capital of \$632,871, as compared to cash and cash equivalents of \$419,676 and working capital of \$666,458 at March 31, 2017. This decrease in cash position principally reflects receipt of investment tax credits in fiscal 2017.

Cash flows for the fiscal periods were as follows:

	<b>Three months ended June 30, 2017</b>	<b>Three months ended June 30, 2016</b>
	\$	\$
Cash flows provided by operating activities	(59,570)	50,428
Cash flows provided by (used in) investing activities	-	-
Cash flows provided by financing activities	-	-

At June 30, 2017, the Company had a working capital line from its principal banker for approximately \$38,530 in addition to a cash and cash equivalent balance of \$358,905. Management believes that these funds, together with cash from on-going operations, may not be sufficient to fund existing operations for the next 12 months. Management is currently investigating and evaluating options that may include recapitalization of the Company, raising debt or equity capital and pursuing other ventures of a different nature.

Future liquidity and cash requirements will depend on a wide range of factors, including the level of success the Company has in executing its strategic plan as well as its ability to maintain business in existing operations and its ability to raise additional financing. If ZIM's expenses surpass the funds available or if ZIM requires additional expenditures to grow the business, the Company may be unable to obtain the necessary funds and ZIM may have to curtail or suspend some or all of its business operations, which would likely have a material adverse effect on its business relationships, financial results, financial condition and prospects, as well as on the ability of shareholders to recover their investment.

## OFF-BALANCE SHEET ARRANGEMENTS

The Company does not have any off-balance sheet arrangements.

## SUBSEQUENT EVENTS

On August 9, 2017, Connecting People for Health Co-operative Ltd. (CP4H) was acquired for an undisclosed amount. Distribution of the proceeds from the sale will be finalized in the next 90 days and ZIM will recognize its portion of the proceeds as a gain on the sale of assets.

## ITEM 3 – QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

### FOREIGN EXCHANGE RISK

The Company operates internationally, giving rise to significant exposure to market risks from fluctuations and the degree of volatility of foreign exchange rates. The Company is exposed to exchange risk due to the following financial instruments denominated in foreign currencies.

Cash and cash equivalents of \$358,905 are comprised of \$93,205 in cash and \$265,700 in cash equivalents as at June 30, 2017. The cash equivalents of \$265,700 at June 30, 2017 (\$349,519 at March 31, 2016) are comprised of:

Held in Canada:

CIBC Wood Gundy at 1.25% - \$121,369 (\$157,500 CDN) – Payable on demand:

Bank Deposit Certificate (CDB) at 8% per annum plus inflation - \$144,331 – Payable on demand. These deposits are secured by Government Deposit Insurance.

Cash and cash equivalents includes the following amounts in their source currency:

	<u>June 30, 2017</u>	<u>March 31, 2017</u>
Canadian dollars	245,750	231,785
US dollars	1,998	78,366
Brazilian reals	558,445	523,305

Accounts receivable include the following amounts receivable in their source currency:

	<u>June 30, 2017</u>	<u>March 31, 2017</u>
Canadian dollars	68,561	86,759
US dollars	7,500	-
Brazilian reals	46,213	51,968

Accounts payable include the following amounts payable in their source currency:

	<u>June 30, 2017</u>	<u>March 31, 2017</u>
Canadian dollars	41,182	20,288
US dollars	-	-
Brazilian reals	(255)	16,399

Accrued liabilities include the following accruals in their source currency:

	<u>June 30, 2017</u>	<u>March 31, 2017</u>
Canadian dollars	15,191	23,506
Brazilian reals	24,319	4,611

The Company does not use derivative financial instruments to reduce its foreign exchange risk exposure.

**CREDIT RISK**

The Company is exposed to credit-related losses in the event of non-performance by counterparties to financial instruments. Credit exposure is minimized by dealing with only creditworthy counterparties in accordance with established credit approval policies.

Concentration of credit risk in accounts receivable is indicated below by the percentage of the total balance receivable from customers in the specified geographic area:

	<u>June 30, 2017</u>	<u>March 31, 2017</u>
Canada	71%	80%
North America, excluding Canada	10%	-
South America	19%	20%
	<u>100%</u>	<u>100%</u>

**FAIR VALUE**

The carrying values of cash and cash equivalents, accounts receivable, investment tax credits receivable, lines of credit, accounts payable and accrued liabilities approximate their fair value due to the relatively short periods to maturity of the instruments.

**KEY PERSONNEL RISK**

We currently depend heavily on the services of Dr. Michael Cowpland and Mr. James Stechyson. The loss of the services of Dr. Cowpland and Mr. Stechyson and other key personnel could affect our performance in a material and adverse way.

**SIGNATURES**
